

# I N T R O D U C T I O N

Eight years and twenty-three volumes of 'SECRET CB'. Not the goal that was set of one volume each quarter but, with the slow down of CB manufacturing & sales, we feel its a good record. So, again 'THANKS' to all of our contributors and readers that keep us working on that next volume.

We have a few new products introduced in this volume. Maybe they are just what you have been waiting for!

The main problem we have now is finding parts for the older units and parts & schematics for the FM units. Does anyone out there have the solution??

With the Holiday Season approaching our thoughts will soon be turned to celebrating Thanksgiving and Christmas. The SECRET CB gang would like to take this opportunity to wish all of you a VERY HAPPY HOLIDAY SEASON. Your continued support has made this a very SPECIAL & HAPPY time for us.

TILL VOLUME 24!
